_____	Nominee was reviewed by the Board	Date _____
Board action:	_____ Elected	_____ Rejected
		Date _____

I am interested in serving as a Board Member for the MVCSD because I believe it is time for me to give back to a community that has given so much to me and my family. Living in this small town has shown me what a true sense of community really looks like—something I had never fully experienced before. There is a unique strength that comes from knowing your neighbors, supporting one another, and understanding that when challenges arise, you are never facing them alone. At the end of the day, we truly only have each other, and I believe it is important to make myself available to serve when my community calls.

My children are growing up in an environment that is supportive, safe, and deeply rooted in shared values, and that is largely thanks to the efforts of this community and the MVCSD. Watching them be raised in such a positive atmosphere motivates me to do everything I can to help nurture and protect it. I want to actively support growth that benefits our town while preserving the qualities that make it special. We have many opportunities in front of us to strengthen our community, support our youth, and invest in long-term sustainability, all while maintaining the small-town feel that so many of us cherish.

I strongly believe we can continue to thrive while also remaining true to who we are. Doing so requires creativity, collaboration, and a willingness to explore new ideas. I consider myself a very creative person, and I would love the opportunity to bring fresh options and perspectives to the table. Whether through community events, youth programs, or fundraising efforts that directly support MVCSD, I believe we should be actively creating opportunities to engage residents and strengthen our shared sense of purpose. Some ideas may succeed, others may not—but having more options allows us to adapt, grow, and find what truly works for our community.

Since living in Morongo, I have witnessed several issues involving the MVCSD that have understandably raised questions and concerns among residents. At times, the integrity and intentions of the Board have been publicly challenged. My goal in serving would be to help restore trust, strengthen transparency, and ensure open and honest communication with the community. I am naturally direct, open, and willing to speak up when necessary, and I believe those qualities are essential in a leadership role.

The recent drama and smear campaigns directed at the MVCSD are disheartening, especially considering the vital role this organization plays in keeping our community functioning. Without the MVCSD, our small town would struggle to survive. I want to help put unnecessary conflict to rest by clearly communicating the important work these volunteers do and by keeping residents informed about ongoing efforts and decisions. Transparency builds trust, and trust is essential for a community like ours to continue moving forward together.

Ultimately, my desire to serve as a Board Member for the MVCSD comes from a deep sense of responsibility and gratitude toward this community. I am invested not only as a resident, but as a parent and neighbor who genuinely cares about the future of our town. I want to be an active, reliable voice that listens, collaborates, and works toward solutions that benefit everyone. By serving on the Board, I hope to contribute my time, creativity, and commitment to protecting what makes our community special while helping it grow in thoughtful and sustainable ways. It would be an honor to serve and to give back to a place that has already given my family so much.
